#### WITH THE COIN COLLECTOR

An outstanding auction of rare United States and foreign numismatic pieces was conducted by A. Kosoff on August 25 as the feature of the American Numismatic Association's 1942 convention, at the Netherlands Plaza Hotel, Cincinnati, Ohio.

The collection being sold includes specimens of almost every American coin, a great many pattern and proof pieces and gold coins issued by private concerns and the government. It also features a comprehensive collection of Brazilian gold pieces, extremely rare Santo Domingo coins, English silver pieces and some American incased postage stamps and paper currency.

The convention opened on Saturday and continued through August 27, under the direction of the Cincinnati Numismatic Association, a branch of the national group. Thomas G. Melish is the chairman, Edward S. Horowitz, director of publicity, Sol Kaplan, managing director and L. C. Bucher, finance director.
